

Topic Homework

'Where in the UK?'

This half term we will be learning about the United Kingdom, or UK, as part of our 'Where in the UK' geography topic. We will learn about the countries that make the UK, their capital cities and the water that surrounds the UK. We will talk about the flags and emblems of each country, too.

For your homework, choose from one of the following activities:

- Draw or paint a London landmark, such as Big Ben, the London Eye or Buckingham Palace.
- Create a model of a London landmark.
- Draw and colour the flags of the countries that make the UK.
- Create a fact file about the UK.
- Draw and colour a map of the UK.
